

England trip 2025 - Day 3 - May 14th

Cliffs, sun and ice-cream

We have a lot to tell you because this day was really exciting. We were in the small beautiful town of Brixham, but before we talk about that, we want to tell you something about our school day.

In the first lesson we spoke about the British people and why there are so obsessed with tea. We watched a short video about this topic and had to answer some questions. In the next lesson we did little projects about festivals in the southwest of England and in the last lesson we presented our projects.

After that, we went to Brixham, where we walked to a viewpoint that was amazing. Later on, we went to a pebble beach with very clear water. We had a lot of fun and played volleyball. Then we had a chance to explore the town and bought something to eat. Finally we went back to our host family. It was an amazing day for us.

(Sophie and Hanna)
